

ULRICH SCHOLTZ

SOFTWARE DEVELOPMENT CONSULTANT

Pretoria, Gauteng, South Africa | 082 484 7974 | ulrich_scholtz@outlook.com
[linkedin.com/in/ulrichscholtz](https://www.linkedin.com/in/ulrichscholtz) | ulrichscholtzdev.co.za

PROFESSIONAL SUMMARY

Software developer with hands-on experience supporting business-critical, cloud-hosted applications within a large enterprise OT environment. Currently part of Anglo American's Custom App Development support team, combining full-stack development, monitoring and reliability work, and Agile process improvement. Comfortable working directly with stakeholders to translate business needs into practical technical solutions, with a growing focus on cloud platforms and enterprise system integration.

EXPERIENCE

Software Developer

January 2026 – Present

Anglo American PLC | Pretoria, South Africa

- › Support and continuously enhance a business-critical OT application used across the organisation, ensuring reliability and a smooth experience for end users.
- › Designed and rolled out live monitoring dashboards that give operational teams clear, real-time visibility into system health and performance.
- › Identified and resolved a company-wide certificate trust issue affecting several production systems, restoring secure connectivity across the environment.
- › Managed a full server migration and deployment for the next generation of the platform, troubleshooting configuration issues to ensure a smooth go-live.
- › Streamlined the team's Azure DevOps workflow, improving delivery visibility, sprint planning and release tracking.
- › Act as a direct point of contact for business stakeholders, translating operational needs into practical technical solutions.
- › Expanding scope into Work Management, Anglo American's primary OT platform.

Graduate Consultant, Software Development

November 2025 – Present

MOYO Business Advisory | Pretoria, South Africa

- › Deliver quality, client-focused software solutions as part of a growing technology consultancy.
- › Currently placed at Anglo American PLC, supporting enterprise OT application development and BAU operations.
- › Collaborate across business and technical teams to solve real-world client challenges.
